## COVID-19 Trends

We will be working diligently to get the latest statistics regarding COVID-19 patients. Below are this week's newest numbers, (the last reported sent out was on April 14 for reference).

We have had a total of 390 patients under investigation (PUIs)

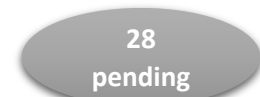

258 patients tested **NEGATIVE** for COVID-19

104 patients tested **POSITIVE** for COVID-19

**\*22 were seen & discharged through the ED**

**\*28 Cases are still pending**

Of the 104 positive cases, **82** were admitted.

Out of the 82 admitted patients, 64 were discharged and 18 remain in-house.

We continue to be impressed by our low sick calls and the willingness of our staff to help out, and the overall positive morale during this time. Please remember to stay safe by wearing proper PPE and pausing before providing aerosol procedure, to assure everyone has full PPE, N95, goggles, gloves and gown.
